

## City of Yorba Linda Construction and Demolition Recycling Requirements

Many of the materials generated from your project can and should be recycled. According to the City of Yorba Linda's Ordinance number 2007-903, you are **required** to identify materials that will be reused, recycled, or disposed from your project.

**The required goal is to reuse or recycle at least 65% of project waste.**

The easiest compliance method is to use Republic Services/PDC, (714) 238-2444 as the hauler of all of your construction and demolition waste.

**PERMITS WILL NOT BE ISSUED UNTIL THE ATTACHED FORMS ARE SUBMITTED AND APPROVED BY THE ADMINISTRATIVE AUTHORITY.**

**Step 1: Before Permit Issuance** – Submit Waste Management Plan – The City suggests for you to enlist the help of your waste hauler to assist you in completing Forms 2 and/or 3.

- Form No. 1 – Select and identify both a waste hauler for trash and a recycling dealer for recyclable materials (may be the same company). *Republic Services has an exclusive franchise for waste hauling in the City of Yorba Linda.*
- Forms No. 2, 3 – If you are **not** using Republic Services/Public Disposal Center as your hauler, you must, with the help of the hauler you select, identify the amount of material (in tons or cubic yards) that you anticipate will be recycled or reused.

**Step 2: BEFORE Final Approval** – Recycle at least 65% of the project waste or use Republic Services for collection and hauling of all construction and demolition debris.

- **SAVE RECEIPTS AND/OR DOCUMENTS OF MATERIALS RECYCLED DURING CONSTRUCTION, DEMOLITION, OR REMODELING.**
- If **not** using Republic Services/PDC, submit RECEIPTS OR A REPORT FROM THE WASTE HAULER AND RECYCLING DEALER to show that 65% of job waste was recycled.

**FINAL APPROVAL WILL NOT BE GIVEN UNTIL DOCUMENTATION HAS BEEN SUBMITTED AND APPROVED BY THE ADMINISTRATIVE AUTHORITY.**

# Form 1

## City of Yorba Linda Waste Management Plan

Permit application number \_\_\_\_\_

Many of the materials generated from your project can be recycled. According to Ordinance No. 2007-903, unless you are using Republic/Public Disposal Center for all of your debris hauling, you are to identify materials that will be reused, recycled, or disposed from your project.

**The required goal is to reuse or recycle at least 65% of project waste.**

Project Name: \_\_\_\_\_

Location (Address): \_\_\_\_\_

Building Type: \_\_\_\_\_ Project Cost: \_\_\_\_\_

Square Footage or Number of Units: \_\_\_\_\_

Type of Project:    New Construction    Demolition    Tenant Improvement    Other: \_\_\_\_\_

Type of Construction (wood frame, concrete, steel, etc.): \_\_\_\_\_

Applicant: \_\_\_\_\_ Phone: \_\_\_\_\_

Company Name and Address: \_\_\_\_\_

Names of: (1) Waste Hauler and (2) Recycling Contractor for the project:     Republic Services/PDC

Other: \_\_\_\_\_

**Third party haulers cannot satisfy City Ordinance No. 2007-903 requirements.**

**Part I. Submittal of Waste Management Plan** (this form and Forms No. 2 and 3, attached) **Before Issuance of Permit.**

You are required to recycle or reuse 65% of the waste materials incurred on site. Use tons or cubic yards to quantify the total estimated waste and percentages for materials. A conversion rate table is attached. Ask your waste hauler, recycling dealer, or site cleanup vendor to assist you with this plan. Your building or demolition permit will not be issued until the Waste Management Plan has been submitted and approved. Submit these forms to the Administrative Authority.

**For Office Use Only: Maintenance Service Department, Plan Check Approval**

Required Project       Demolition Project       Waste Management Plan Approved

Exempt: \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Part II. Submittal of Documentation.** (Forms No. 2 and 3 plus receipts). At project completion and **BEFORE FINAL**, documentation **MUST** demonstrate that 65% of the materials were recycled or reused or that Republic Services was used for all hauling. Documentation must include receipts of all recycling and disposal manifests or a report from the recycling dealer/refuse hauler identifying amounts of waste recycled and disposed. **The Building Inspector will not final your project until documentation has been submitted and approved. Submit documentation to the Administrative Authority.**

**For Office Use Only: Maintenance Services Department, Final Approval**

Approval       Denied

# Form 2 Demolition

Permit application number \_\_\_\_\_

Total Estimated Waste Generated by Project: \_\_\_\_\_ tons/cubic yards  
(ask your hauler, recycler, or site cleanup vendor to assist you. Use receipts from your previous jobs for estimates.)

Material	BEFORE Permit Issuance				BEFORE Final
	Estimated Amount Generated	Estimated Percentage Recycled	Estimated Percent Disposed	Vendor or Facility	Actual Percentage Recycled / Comments
Asphalt/Concrete					
Dirt					
Brick/Masonry					
Wood					
Metals					
Doors, windows, cabinets, fixtures					
Other (painted wood, drywall): _____					
Trash					

\* **Once the removal of waste materials has occurred and removal manifests, receipts and records are correlated, the "Before Final" column MUST be filled in for resubmittal, review, correction and/or approval by the Administrative Authority. Final inspection cannot be requested until the Administrative Authority has determined the documentation illustrates compliance with the diversion requirements.**

Estimated Date on which demolition is to commence: \_\_\_\_\_

Was "deconstruction" or salvage considered as an option to traditional demolition?     Yes     No

If "no", explain:

Source: Resource Efficient Building (1994), Metro Solid Waste Department, Portland, Oregon (City of Brea)

Use the above conversion factors and receipts from previous projects to help you estimate the potential amount of recyclable materials and waste from your project. Again, your hauler or recycler may assist you in estimating these numbers.

### Permitted Recycling Dealers

The categories of recyclable materials are as follows:

**Construction and Demolition Materials (C&D):** Brick, Concrete, Dirt, Granite, Gravel, Pavement/Asphalt and Sand

**Metals:** Aluminum, Aluminum cans, Ferrous / Non-ferrous metals, Scrap metals, Tin cans and White Goods (stoves, refrigerators, etc.)

**Green Waste:** Compost, Grass clippings, Leaves, Prunings, Christmas trees

**Glass:** Beverage containers, Crushed glass, and Window panes.

**Wood:** Bark, Boards, Planks, Chips, Pallets, Plywood, Sawdust and Shavings.

**Note:** Although a company may designate the acceptance of materials in one or more categories, please call to verify your specific materials and quantities are accepted.
