Unless otherwise determined as set forth above, any Premises upon which four (4) or more Dwelling Units exists shall be deemed to be a Multi-Family Dwelling. Any ambiguity as to whether a Premises qualifies as a Single-Family Dwelling or Multi-Family Dwelling for purposes of receiving Solid Waste Collection in Carts or Bins shall be resolved by the City Manager whose decision shall be final.

A. Self-Haulers. Self-Haulers holding a self-hauler permit and operating in accordance with this chapter are only permitted to Collect, transport and dispose of Solid Waste generated by and upon the Self Hauler's own Premises. Notwithstanding any other provision of this chapter, Self-Haulers shall not be permitted to share, place Solid Waste in, or to otherwise use the Bin, Cart, Rolloff Box, or other Container of another Person or business.

B. Permit. All Self Haulers shall subscribe to the following requirements:

1. Each Self Hauler shall obtain a permit from the City Manager. Self-Haulers must renew their permit at the commencement of each fiscal year..
2. The application for a self-hauler permit, whether upon initial application or renewal, shall include the following: (i) a list of all Bins, Carts, Rolloff Boxes and other Containers to be used by the Self-Hauler; (ii) a list of all transportation and disposal equipment to be used by the Self-Hauler; (iii) a written explanation of where all Solid Waste will be delivered for disposal, processing and/or diversion; (iv) a written plan explaining to the reasonable satisfaction of the City Manager how not less than fifty percent (50%) of Solid Waste Collected will be diverted from disposal in compliance with AB 939 or other higher diversion requirements as may be imposed by applicable laws; (v) a written plan explaining to the reasonable satisfaction of the City Manager how compliance with the requirement to divert organic waste in accordance with applicable laws, including 14 CCR, Div. 7, Chapter 12, Section 18988.3 will be achieved, and (vi) any other information deemed necessary by the City Manager to ensure protection of public health, safety and sanitary needs.
3. Applications to renew a self-hauler permit shall additionally include: (i) receipts from self-hauling activities undertaken in the prior year demonstrating that the applicant has effectively diverted at least fifty percent (50%) of all Solid Waste Collected from its Premises from landfills in a manner that complies with the requirements of AB 939 and any other higher requirements as may be imposed by applicable laws; (ii) records reasonably satisfactory to the City manager demonstrating the manner in which organic waste was diverted from landfills in accordance with applicable laws, including 14 CCR, Div. 7, Chapter 12, Section 18988.3, and (iii) receipts from self-hauling activities undertaken in the prior year demonstrating that the applicant has delivered Solid Waste Collected from its Premises to appropriate disposal, processing or Recycling facilities at least as frequently as Collection is required for such Self Hauler by the City Manager.
4. The City Manager shall approve the application for a self-hauler permit if: (1) it meets the requirements of this section, (2) if the equipment, Containers, diversion plan and disposal plan are to his or her reasonable satisfaction, and (3) if evidence of past diversion and disposal requirements demonstrate the applicant has complied with the fifty-percent (50%) diversion requirement, or such other diversion requirements as may be imposed by applicable laws, and

otherwise complied with all laws related to collection, transportation, and disposal of Solid Waste, including the diversion of Organic Waste.

E. Non-Commercial Venture. It is the intent of this chapter to prevent and proscribe self-hauling activities undertaken as a commercial enterprise. Self-Haulers must obtain all equipment, including Containers and Collection and transportation equipment, at a fair market value that does not include any hauling services, “free” or otherwise. Stated otherwise, a Self-Hauler may not pay a solid waste enterprise an amount that exceeds fair market value for equipment, and then claim to receive collection, transportation and disposal services at no cost from such solid waste enterprise. A Self-Hauler may utilize its own employees to undertake self-hauling activities, but under no circumstance may a Self-Hauler utilize an independent contractor or any other Person or entity for Solid Waste Collection services other than a Franchisee.

F. Other Recycling Obligations. Self-Haulers shall Recycle all Recyclable Materials not otherwise addressed by this section to a degree and in a manner consistent with standards generally applicable to the Solid Waste industry and as required by state law.

G. Collection Frequency. Unless otherwise specifically provided in this chapter, Self-Haulers shall remove Solid Waste from their Premises at least once per week. However, upon application to the City for a self-hauler permit, the City Manager may determine a different frequency for Solid Waste Collection, transport and disposal from the Self-Hauler’s Premises, provided such modification complies with all applicable laws and regulations. This determination shall be based upon the nature of the Premises, the type of Solid Waste generated by the Premises, and the Collection capacity of the Self-Hauler as demonstrated by information in the application.

H. Hazardous and Special Wastes. No Self-Hauler shall engage in the Collection, transport or disposal of Hazardous Waste or Special Wastes, unless in a manner consistent with all State, Federal and local laws.

I. Revocation. The City Manager may revoke a self-hauler permit if the permittee: (i) fails to divert at least fifty percent (50%), or other higher diversion requirements as may be imposed by applicable laws, of all Solid Waste Collected from its Premises from landfills in a manner that complies with the requirements of AB 939, AB 341, and other applicable laws; (ii) fails to divert organic waste from disposal in accordance with applicable laws including 14 CCR, Div. 7, Chapter 12, Section

18988.3; (iii) fails to deliver Solid Waste Collected from its Premises to appropriate disposal or Recycling facilities at least as frequently as Collection is required for such Self-Hauler by the City Manager, or (iv) fails to comply with the terms of its permit or any section in this Code or other applicable law regarding the Collection, hauling, transportation, or disposal of Solid Waste. The City Manager shall notify any permittee in writing of the decision to revoke its permit, and the basis therefore, and the permittee may appeal any such decision within 15 days of the date of such notice being issued in the same manner applicable to administrative citations set forth in Section 1.13.090 of this Code.

8.20.110 Salvagers.

A. Grant of Permit. The City may issue permits to Salvagers for the Salvage of Recyclable Material. A Salvager shall not engage in Salvage operations or activities from any Residential or Commercial Premises without first obtaining a Salvager permit from the City. In addition to the Salvager permit granted by the City, Salvagers are also responsible for complying with any other applicable provisions of this chapter and any other regulation, ordinance, or law relating to Salvaging.

B. Permit Fees and Business License. In addition to any other fees and charges which may be imposed by the City, the City may charge Salvagers a fee for the issuance of the Salvager permit as established by resolution of the City Council. Salvagers shall also be subject to business license taxes in accordance with title 5 of this code, which may be amended from time to time.

8.20.120 Removal of Unauthorized Containers; .

Unauthorized Containers. In addition to any other penalties and/or remedies as set forth in this chapter or provided for by law, any Container placed within the City for the Collection of Solid Waste in violation of Section 8.20.070(H) (hereinafter “Unauthorized Container(s)”) may be impounded as set forth herein.

A The City Manager may cause a notice to be placed in a conspicuous place on any Unauthorized Container directing that it be removed. The notice shall specify the nature of the violation and shall state that the bin, drop-off box, trailer or waste receptacle must be removed within twenty-four hours or it may be removed and stored by the City, and the contents disposed of, at the expense of the owner thereof. The notice shall indicate the time that it was posted and shall include the name and phone number of a person designated by the City to hear any appeal or challenge to the requirement that the Container be removed; and, further, shall indicate that any appeal of the order for removal must occur within twenty-four hours of the posting of the notice. The posting of a notice to remove shall constitute constructive notice to the owner and user of the requirement to remove the Unauthorized Container, and a copy of the notice shall be provided to owner of the Unauthorized Container once said owners’ identity is ascertained by the City, and if not provided sooner, a copy of the notice shall be provided at such time as the owner of the Unauthorized Container seeks to retrieve any such Container removed hereunder.

B. If within twenty-four hours after a notice to remove is posted on an Unauthorized Container a request for an appeal has not been received and the bin, drop-off box, trailer or waste receptacle is not removed, the City Manager may direct the removal and storage of the Unauthorized Container. In addition, if the contents of the Container is either comprised of a substantial amount of putrescible Solid Waste, or determined by the City Manager to create a threat to health and safety if not disposed of immediately, the City Manager may direct that the contents of the Container be disposed of. The owner of the Unauthorized Container shall be responsible to reimburse the City for the actual cost of removal, storage and disposal. All amounts due to the City for the cost of removal, storage and disposal must be paid before the Unauthorized Container may be returned to the owner. Such amounts shall constitute a debt owed by the owner to the City, and the owner shall be liable to the City in an action brought by the City for the recovery of such amounts.

C. Between the date following the date upon which any Unauthorized Container is removed by the City, and the date which is five (5) business days following its retrieval from City, the owner of the Unauthorized Container may request a hearing to appeal the City's determination that the Container is an Unauthorized Container subject to removal by City as set forth herein. The City Manager shall establish a procedure for such a hearing and the method for requesting such a hearing shall be included on the notice to remove. If the appeal is granted, any payments due to City shall be forgiven and any amounts paid reimbursed.

D. If the identity of the owner of an Unauthorized Container that has been removed by the City is known to the City Manager, the City Manager shall promptly cause a copy of the notice to remove to be mailed to the owner along with a request that the owner to claim the stored property. If the Unauthorized Container is not claimed within ninety-five days after mailing of the notice to the owner, or ninety days after removal if the identity of the owner is unknown to the City Manager, the Unauthorized Container and its contents shall be deemed abandoned property and may be disposed of accordingly. The notice to be posted on Unauthorized Containers shall specify that the forgoing procedure related to abandonment will apply.

8.20.121. Violations; Penalty.
