## CITY OF YORBA LINDA COMMUNITY MEETING:

### WILDFIRE SAFETY YORBA LINDA FUEL REDUCTION PROJECT

#### CITY of YORBA LINDA

Yorba Linda Fuel Reduction Project, is part of California Climate Investments, a statewide program that puts billions of Cap-and-Trade dollars to work reducing GHG emissions, strengthening the economy, and improving public health and the environment—particularly in disadvantaged communities. The Cap-and-Trade program also creates a financial incentive for industries to invest in clean technologies and develop innovative ways to reduce pollution. California Climate Investments projects include affordable housing, renewable energy, public transportation, zero-emission vehicles, environmental restoration, more sustainable agriculture, recycling, and much more. At least 35 percent of these investments are located within and benefiting residents of disadvantaged communities, low-income communities, and low-income households across California.

#### MEETING TOPICS WILL INCLUDE:

- Presentations on wildfire safety, property protection, and other prevention/mitigation strategies in collaboration with the Orange County Fire Authority
- Updates regarding the current Yorba Linda Fuel Reduction Project (CAL FIRE Grant)

For more information and updates on these topics, visit the City's website by scanning the QR Code or contact us at [YLFuelReduction@yorbalindaca.gov](mailto:YLFuelReduction@yorbalindaca.gov).

For more information,  
visit the California Climate  
Investments website at:  
[www.caclimateinvestments.ca.gov](http://www.caclimateinvestments.ca.gov).

Funding for this project provided by the California Department of Forestry and Fire Protection's Fire Prevention Program as part of the California Climate Investments Program.
